SIMON JAMES SHOWROOM A new space showcasing residential and retail furniture has been created in the Simon James showroom at 61 Upper Queen Street, Auckland. Designed by Rufus Knight and Simon, it is a perfect reflection of the Simon James aesthetic. Raw honed wall panels, polished concrete and soft sheer drapes to delineate the living spaces from one another form a backdrop to Simon's sofa and furniture collections, lighting from Nat Cheshire and interior accents by Tom Dixon. thelundshelf.com

Inspired by a trip through Sweden, The Lund Shelf exists to make life more beautiful. Why use plastic when you can have glass? Why buy synthetic when you can have linen? The Lund Shelf is full of lovely things for you to fall in love with.

styledcanvas.com

Styled Canvas helps you create a space that you feel happy to come home to. It's about gradually building a collection of things that you love and that will stand the test of time representing who you are and your life's story.

garden-objects.com

Appealing to the avid, keen or sometime gardener, Garden Objects pays close attention to functionality, design and craftsmanship, ensuring the products offered are built to last. Doesn't hurt that they look pretty either.
